

What an exciting year ahead of us at NALTA! What a privilege to be elected to serve our members from across the country. Thank you for placing your trust in me, and I in turn am placing my trust in each of you to show me where you would like our organization to go!

My personal goal is to meet as many of you as I can and to make a personal investment in the future of NALTA, please join me in that quest by volunteering or simply communicating with me or others on the NALTA Board your preferences and opinions for our future growth.

Our 2009 Conference will be a celebration of 25 years as an organization and 20 years of our CPLTA program. By the way, did I mention it will be held in none other than Nashville, Tennessee at the Gaylord Opryland Resort and Convention Center? So, start making plans now for September 15th through the 17th, 2010 to enjoy the festivities, the conference and to be one of many paying special tribute to the program that has brought so much prestige and respect to our profession. Why not take one more step and secure your place of honor in the celebration by becoming a Certified Professional Lease and Title Analyst? Bring the family, you know they will enjoy it and want to stay over the weekend to take in all the sights and sounds of this historic and picturesque location.

NALTA continues to provide all the professional features that have become a well known trademark in our industry. Beside our annual conference, NALTA will soon feature an inter-active Website, another NALTA goal that has come to fruition, bringing you on-line access to members across the country and up to date information at the touch of your fingertips. The quarterly magazine continues to offer insight into current energy related issues as well as snap shots of our local chapters and members. Education has always been our main focus so don't overlook the Scholarship opportunities NALTA provides.

NALTA has what you are looking for if you are in the Energy business, but we need you and your vision to take us to the next level. This year as we celebrate our past, help us look toward the future, what is next? It's up to you – the future begins now.

Jan J. Warren
2009-2010 NALTA President
